# Activities That I Like In The Villages Florida

Maybe you have read about [The Villages Florida](#)?

Well, it's possibly the most well-known retirement living area in the world composed of an amazing 80,000 full or part-time residents and claiming land throughout three various counties in Central Florida.

The Villages promotes an "active" way of life which includes sporting activities, organizations, recreation, shopping, and plenty of additional variables within an almost overpowering amount. Numerous have proclaimed the city as being a Disney World for retired people.

Even so, it is not just for elderly people. As a guy in his mid-40's, I equally take pleasure in many of the facilities of The Villages Florida. Here i will discuss just some of my favorite activities within the Villages.

Undeniably, my number 1 activity is to visit the Town Squares. You'll find presently 2 of these Squares that are designed after old-time downtowns when crowds could meet on weekends to socialize. There is free entertainment every single night and individuals pack the stunning listening area to unwind or boogie the night away underneath the stars.

I love hearing the different styles of popular music and observing the dancers, many of whom are really good. You will discover drink huts in close distance that have fantastic happy hour specials which continue just about all evening.

I additionally love strolling down and up the roadways smelling all the different scents from the restaurants and people viewing. In the Lake Sumter Landing Square, there is probably the most beautiful lakes you'll ever in your life see. Try out merely sitting down on a bench and watching the sun set and you will never ever want to leave.

One other of my favorite past-times is the breakfast buffet in Katie Belles. This particular restaurant/nightclub rests right on [Spanish Springs Town Square](#) and is famous for its music and ambiance. Having said that, they have got a breakfast buffet on Saturday's which costs only 3.99 and is delectable. You can order any specially created omelet and feast on the incredible array of choices presented upon 2 tables. Yet, the best part of the morning is definitely paying the bill!

Finally, I totally take pleasure in the pools inside the Villages. My mom whom lives there provides us with a visitor pass and all of us go along with her from time to time. Laying alongside these heated pools with swaying palm trees allows you to think that you're on a Hawaiian holiday as all of your anxiety fades away.

For those who have never ever been in The Villages Florida, I suggest you take a visit and discover why it's so famous. Perhaps I will see you there!
